To Whom it may concern:

It is a pleasure to provide this letter of recommendation for Kathy Gold. Kathy worked for me at Digital Planet as a programmer developing Web Sites for such clients as MGM Pictures and Universal Studios. Her skills include C programming, HTML, and PERL just to name a few.

Kathy regularly exceeded the amount of work normally expected for this job. She set a good example to others in her dedication to increasing productivity. She often completed her work ahead of schedule and always achieved her established goals..

The work Kathy produced was highly accurate and thorough. She displayed a strong dedication and commitment to excellence. She worked hard to improve quality in her own work and promoted quality assurance throughout the organization.

I consider Kathy to be a self starter, taking independent actions when appropriate. She often sought additional responsibilities beyond the normal scope of her job and she is resourceful at taking advantage of opportunities.

I was especially impressed at her dedication to the job. She often worked long hours pushing herself to do the very best job possible. I always could rely on her to meet her commitments without the slightest delay or follow up required. She was always on time and had an excellent attendance record.

Kathy would make a fine addition to your organization and it is with pleasure that I can provide this recommendation.

Sincerely,

Don Kravits

To whom it may concern,

Since my company has started working with Digital Gold, we have actually closed mortgages over the internet. The profits have been relatively high, as there has been very little effort in filtering out good qualified leads.

I am looking forward to continuing this mutually beneficial working relationship with Digital Gold. I would recommend your services highly to anyone interested in not only expanding their company but also increasing their income.

Please feel free to contact me for any further information.

To Whom It May Concern:

I started to work with Kathy Gold and Digital Gold in November 1996. She created Merchants Bank of California's Web Site and, more important, she promoted the Web Site on Internet. She did an excellent job.

In spring 1997 I asked Kathy Gold to create the News Group and the Internet Promotional for a nonprofit organization. She did, again, a very good job.

There are a few reasons I like working with Kathy Gold. She has good marketing skills, she understood, before most of the Web Masters did, that it is not enough to have a Web Site, it is very important the Site to be reached by customers. I like her elegant style in designing Web Sites. I liked the way she worked with us, she gave us enough information to become comfortable with what a Web Site is all about. I liked the fact that she is always available when we have a problem, and that she returns the calls in a few minutes. And mainly, I like that the Web Site brought important profit to the Bank. Soon after the Web Site was up and running we got 1,800 hits a day which we were very impressed with.

Kathy Gold is a young, smart and talented presence in the Internet World. She is the right choice for anybody who would like to become successful in Internet.

Dear Kathy:

Thank you for the fine job you did marketing two of our six websites, Women's Health Boutique ([www.w-h-b.com](http://www.w-h-b.com)) and Copy Club ([www.copyclub.com](http://www.copyclub.com)). As you know we are an international franchise company with over 1,000 franchise centers in 20 countries. We have been in business for over thirty years. Some of our other franchise companies include Kwik Kopy Printing, American Wholesale Thermographers, Franklin's Printing and The Ink Well Printing. Women's Health Boutique is where Kwik Kopy Printing was thirty years ago, with a vast opportunity for growth for our franchise system and our franchise owners.

We were very pleased with the job you did of getting us onto the various search engines and linked with related websites. We are building our w-h-b.com site to be a portal to women's health issues, and your efforts have been an important contribution to where we are going with this site. We felt we got very good value for the investment.

Thanks for your follow-up. It is a pleasure dealing with a professional like yourself. Good luck in your future efforts!

Sincerely,

Dear Cathy,

I would like to personally thank you and your staff for the outstanding work you've done with registering our web site to all the search engines and classifieds. Without your help, our website will still be nothing more than a speck on the web and devoid of all the great awards you helped us receive. Because of Digital Gold our website has grown in activity and has won 6 web site awards. We couldn't have done it without you!!! Thank you so much!!!
